Frustrated with out-of-date boring webpages and know that you can design them better?

VIRTUAL STUDENT FOREIGN SERVICE
VSFS

Project Title	Frustrated with out-of-date boring webpages and know that you can design them better?
Project Summary	The BIA Alaska Regional office is welcoming an internet webpage designer to update and expand our online presence. Other intern design projects would facilitate internal communication and productivity.
Country	United States
Agency	Bureau of Indian Affairs
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	1

Project Description

This internship encompasses three or four projects, the majority of which are webpage design and development. The primary job of the intern would be to update the general regional webpage and create new webpages showcasing various projects. The second task is to keep current the webpages of our major conference. The third job is to design a monthly newsletter for which the intern would gather stories within the regional offices. A possible fourth project would be designing and updating personnel templates.
The intern would understand working within government regulations and protocols yet be able to add vibrancy.
The intern would have two points of contact through which she or he would communicate and receive direction.

Desired Skills Interests

Additional Information

The websites to be updated and expanded upon are the Bureau of Indian Affairs Alaska Region including

Juneau and Fairbanks, and the BIA Providers Conference and its Facebook page.
